### Verse 1: Sonny

Long time since we properly spoke  
Said I'd call, but I probably won't  
You ain't got to do it all on your own  
I know, you think you do, if you're honest you don't  
Doing circles, look at your tracks  
I thought I've gotten this far, so it couldn't be that  
Digging my heels in, I couldn't relax  
I felt that when I took a step, you were pushing me back  
Pack a bag, I ain't leaving you here  
That wasn't what I wanted but it's what I needed to hear  
Guess I never got it, now I'm seeing it clear  
Every now and then I expect to see you appear  
You took off, step in the dark but you're hitting a nerve  
Wasn't what I wanted but it's what I deserve  
Step in your footsteps, follow the words  
I heard your voice curve around the edge of the Earth

### Chorus: Sonny

Yeah, following it, following that  
I'm still following it, following that  
Still following it, following that  
I'm still following it, following that

### Verse 2: Sonny

Fake laugh, I'd forgotten the joke  
Could have let it slide but you wanted to go  
Yeah, got me on the tip of my toes  
And it was one or the other but I wanted 'em both  
Went ghost, but where did you go?  
Thought I hit the bottom but there's something below  
Follow your lead and I follow it close  
And I promise that I'm always gonna honour the code

### Chorus: Sonny

Yeah, following it, following that  
I'm still following it, following that  
Still following it, following that  
I'm still following it, following that

### Outro: Devenny

I follow where you go  
You lead, I follow slow?  
Teach me to get me home

I follow where you go  
You lead, I follow slow?  
Teach me to get me  
To feel whole in your ways  
Your wisdom and fortes  
I feel whole in your ways  
Your wisdom and fortes  
I follow where you go  
You lead, I follow slow?  
Teach me to get me home  
I follow where you go  
You lead, I follow slow?  
Teach me to get me  
To feel whole in your ways  
Your wisdom and fortes  
I feel whole in your ways  
Your wisdom and fortes
