Chorus

Would you, would you, would you, would you die for me, die for me?
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah, how you feel
Die with me, would you die with me?
Would you lie with me, would you lie with me?
Tell me how you feel
Die for me, die for me, die for me, die for me
Would you, would you, would you, would you
Die for me, die for me?
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah
(Got under my skin, like)
Die with me
(Got under my-)
(Yeah)
(Yeah)

Verse 1

Got under my skin like ?
Careful what you wish for
Could have just text me, what you gotta ring for?
Been a long time, we should link more
No license, car wasn't insured
Way too reckless
Jack used to drive with a death wish
Treat the ? electrics
Glad that I left it
Glad that I left it
But I (Missed it)

Verse 2

I knew you would
Be yourself, it would do you good
Drifted, just to prove you could
Be yourself, it would do you good
So I waited
It was a time wasted
My eyes went and they've all dilated
So I waited, I felt violated
My selfish side's gotten highlighted

Verse 2

You was on again, off again
Now you're gone and I'm lost again
Night bus never felt so long as then
It's coming on, can I hear that song again? (Not again)
I was on again, off again
Now I'm going and I'm lost again
Phone died, and I went and ? off again
So tired, taste of salt and snot again
Not again

Verse 3

Walk out the woods to the sea
Witness the glow wash up on the beach
See another season leaving me
World has spun again, 360
Can't make peace with these memories
And I can't face ? so dark in my dreams
Open-water, sharks circling me
And I don't want to sink down into the deep

Chorus

Die for me, die for me, die for me
Would you, would you, would you, would you
Die for me, die for me
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah, how you feel
Die with me, would you die with me?
Would you lie with me, would you lie with me?
Tell me how you-

Chorus

Die for me, die for me, die for me
Would you, would you, would you, would you
Die for me, die for me
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah, how you feel
Die with me, would you die with me?

--

Verse 4

Lost it
Turned 'round and stopped it
Turned my passion to a profit

Turns out that is not it (It really isn't)
Had to look outside
One more time, deep breath, be honest (Hah, hah)
Is this dream for me?
How I'd thought it'd be? them pockets
I was fifteen skidding 'round my town with a plan in my hand and a sonnet
Now I'm twenty-five, turning twenty-six years old
I just wanna gain knowledge (I just wanna gain-)
And it's way too often (And it's way too-)
That I feel this weight (That I feel this weight)
Can you all relate?
Can you all relate? (Huh)
(Maybe not)

Chorus

Die for me, die for me, die for me
Would you, would you, would you, would you
Die for me, die for me
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah, how you feel
Die with me, would you die with me?
Would you lie with me, would you lie with me?
Tell me how you feel
Die for me, die for me, die for me
Would you, would you, would you, would you
Die for me, die for me
Would you, would you, would you, would you, would you
Would you die for me, would you lie?
Would you tell me how you feel?
Yeah, how you feel
Die with me, would you die with me?
Would you lie with me, would you lie with me?
Tell you-
