

Wait Me There (English Translation)

by Apink

Verse 1: Chorong, Hayoung

Hello, how was your day today?

Whenever I see you in a good mood for no reason

It feels like the day we first met is approaching Living in the same daily routine, I feel

This special feeling, every time

Still makes me think of you

Pre-Chorus: Namjoo, Bomi

In the places we've passed together

Affectionate memories pile up

Taking their place I don't know

The person I was before I met you

Doesn't come to mind anymore

Chorus: Namjoo, Eunji

Memories, with their beauty

We keep living again

The memories that pop and burst are only fragrant Love, with its beauty

Makes us smile once more

You make me laugh

You make me laugh

In our shared memories

Post-Chorus: All, Bomi, Chorong

Wait me there Du-ru-du du-ru du du ru

Wait me there I'll be here

Verse 2: Hayoung, Chorong

Hello, how was your day today?

When I see your footsteps moving particularly slow

It seems like you had a tough day, and I worry I'll match my pace with yours and slowly

Retrieve the fondest memories

I'll comfort you

Pre-Chorus: Bomi, Namjoo

In the places we've passed together

Affectionate memories pile up

Taking their place It's so strange

More than any words, the moments we shared

Become a comfort

Chorus: Eunji, Namjoo

Memories, with their beauty

We keep living again

The memories that pop and burst are only fragrant Love, with its beauty

Makes us smile once more

You make me laugh

You make me laugh

In our shared memories

Post-Chorus: All, Bomi, Hayoung, Namjoo, *Chorong*

Wait me there Even as the seasons change

Wait me there Even as everything fades

Wait me there Du-ru-du du-ru du du ru

Wait me there

I'll be here, oooh

Outro: Eunji, All

I always think of you

Baby I, I, I Wait me there

Oooh
