

## Armageddon

by From Ashes to New & From Ashes to New

Verse 1: Matt Brandyberry

What are we doing?

We're burning everything we love for something stupid  
It's so confusing that we kill ourselves for what the news says  
But maybe ruining our lives is part of being human  
Or it's just rooted in our evolution  
No use in running from something that you can't escape  
It's what you wanted, it's in your fucking blood  
You got a taste and now you love it  
And now we're staring in the face of our annihilation  
Isolated, wide awake, awaiting judgment

Pre-Chorus: Danny Case and Matt Brandyberry

Lights out, we welcome the darkness  
Black out, arise and believe  
We made a home for the heartless  
To run away from reality

Chorus: Danny Case

Living in the madness  
Covered in the ashes  
It's burning down, there's no way out  
And I don't know where we're headed  
Everything is broken  
The sky is in the ocean  
It's burning down, there's no way out  
The sun goes down and it's armageddon

Verse 2: Matt Brandyberry

The destruction in motion we're witnessing is related  
We build explosive emotions and then we just detonate them  
We play roulette with full clips  
Then we go to bed praying  
I'm fucking losing my shit  
There's no solution, I hate it  
I can't take it  
I feel I'm on the edge and I'm breaking  
I'm fucking bothered by the fact that the whole world's decimated  
I see the faces, the anguish as it burns to the ground  
We choose our fate and it's too late  
No, there's no turning back now

Pre-Chorus: Danny Case and Matt Brandyberry

Lights out, we welcome the darkness

Black out, arise and believe  
We made a home for the heartless  
To run away from reality

Chorus: Danny Case  
Living in the madness  
Covered in the ashes  
It's burning down, there's no way out  
And I don't know where we're headed  
Everything is broken  
The sky is in the ocean  
It's burning down, there's no way out  
The sun goes down and it's armageddon

Bridge: Danny Case and Matt Brandyberry  
This is the end  
This is the end  
This is the end, so live in the moment  
Lights out, never feeling more alive  
Stop pretending that you didn't want it  
Light it up, burn it down and say goodbye

Pre-Chorus: Danny Case  
Lights out, we welcome the darkness (Darkness, darkness)  
We made a home for the heartless (Heartless, heartless)

Chorus: Danny Case  
Living in the madness  
Covered in the ashes  
It's burning down, there's no way out  
And I don't know where we're headed  
Everything is broken  
The sky is in the ocean  
It's burning down, there's no way out  
The sun goes down and it's armageddon
