

# Moving To New York

by The Wombats & The Wombats

## Verse 1

I've just had the craziest week  
Like a party bag of lies, booze, and then deceit  
And I don't know why I want to voice this out loud  
It's therapeutic somehow

## Chorus

So I'm moving to New York, 'cause I've got problems with my sleep  
And we're not the same and I will wear that on my sleeve  
So I'm moving to New York, 'cause I've got issues with my sleep  
Looks like Christmas came early, Christmas came early for me

## Verse 2

I put one foot forward and ended up thirty yards back  
And am I losing touch or am I just completely off the track?  
And I don't know why I want to voice this out loud  
It's therapeutic somehow

## Chorus

So I'm moving to New York, 'cause I've got problems with my sleep  
And we're not the same and I will wear that on my sleeve  
So I'm moving to New York, 'cause I've got issues with my sleep  
Looks like Christmas came early, Christmas came early for me

## Instrumental

## Chorus

So I'm moving to New York, 'cause I've got problems with my sleep  
And we're not the same and I will wear that on my sleeve  
So I'm moving to New York, 'cause I've got issues with my sleep  
Looks like Christmas came early, Christmas came early for me
